

DISTRICT REPORT CARD for 2014-2015 SCHOOL YEAR

District: Dillingham City School District

This District Report Card presents information about the district’s performance for the 2014-2015 school year. The new Alaska Measures of Progress assessments in English language arts and mathematics were given for the first time in spring 2015. These two new assessments replaced the former Standards Based Assessments (SBAs) in reading, writing and mathematics.

A new reporting category beginning in 2014-2015 is the “Active Duty” category. This category identifies whether the student has a parent/guardian on active duty in any branch of the uniformed services of the United States, the Alaska National Guard, the Alaska Naval Militia, or the Alaska State Defense Force. In 2014, the Legislature amended AS 14.03.120 as part of HB 278. The State Board of Education subsequently amended regulations 4 AAC 06.895(l) and 4 AAC 06.899 creating and defining the subgroup for “students from families on active military duty” and requiring reporting by this subgroup on school, district, and state report cards.

For 2014-2015, districts received an Accountability Indicators Report that reports the percentage of full-academic year students in the district and state that met the standards (at achievement Levels 3 and 4) in English language arts and mathematics, along with the participation rates, attendance rates, and graduation rates for all students and subgroups. A copy of that report is found at the end of this District Report Card.

More information about the accountability system for schools and districts can be found on the Department of Education & Early Development website at: <https://education.alaska.gov>.

- Click on the green Accountability star, then the 2014-2015 Accountability tab to find the Accountability Indicators Reports.
- Click on the orange Support star to find information about how schools and districts are supported in writing and implementing school improvement plans.

The District Report Card and individual School Report Cards are available:

from the school or district at: _____

or on the district website at: _____

Information on Qualifications of Teachers in the District

Teacher Qualifications				
Number of Teachers With Highest Degree:	Bachelors	Masters	Ed Specialist	Doctorate
	33	12	0	0

Percentage of Classes Taught by Highly Qualified Teachers		State Target: 100%
All District Schools	Low-Poverty Schools	High-Poverty Schools
100%	100%	100%

The percentage of teachers in the district teaching with an Emergency Teacher Certificate is 0%. Alaska does not issue emergency certificates to teachers.

Additional information on teacher qualifications, including type of certification and college degree(s) is available from your school or district upon request. You may also request information on whether your child is provided service by paraprofessionals, and, if so, their qualifications.

Information about Student Achievement Results

The charts on the next two pages show the achievement results of all students who took the English language arts, mathematics, and science assessments in 2015.

Number of newly arrived LEP students exempted from taking the English Language Arts test:

Two-Year Trend for District Students Scoring Proficient or Above by Grade Level on the SCIENCE Standards Based Assessment (SBA)

A two-year trend for students meeting standards on the new English language arts and Mathematics assessments is not applicable for 2014-2015 as these are new assessments. Two-year trends for English language arts and Math will be reported starting in 2015-2016.

Schools Designated as Priority, Focus, or 1- or 2-star Schools

For 2014-2015, there will be no Alaska School Performance Index (ASPI) reports as the accountability system has been “paused” for the new assessments. The ASPI star rating and school designation as Priority, Focus, or 1- or 2-star schools reported below are the same as those for the 2013-2014 school year.

Percentage of District Schools receiving 1 or 2 Star Rating in 2013-2014:

--

School Name	ASPI Star Rating 2013-2014	Priority or Focus School	Title I School (Yes/No)

National Assessment of Education Progress (NAEP)

The National Assessment of Educational Progress (NAEP) is the only national test of what students know and can do. The Elementary and Secondary Education Act requires state participation in NAEP reading and mathematics assessments in grades 4 and 8 every other year so that NAEP can serve as the common measure of student achievement.

NAEP does not test each fourth or eighth grader in the state. A representative sample of schools is chosen to participate in the NAEP. No NAEP individual results are given for students or schools; only statewide results are reported. NAEP scores can be used to compare Alaska to the nation and to other states.

NAEP assessments are designed to assess NAEP standards, also known as NAEP frameworks. NAEP does not assess students on the Alaska reading or mathematics standards. The Alaska Measures of Progress (AMP) assessments are designed to assess Alaska reading and math standards, and are administered to all students. More information about the NAEP in Alaska can be found in <http://education.alaska.gov/tls/assessment/naep.html>.

There are three achievement levels for each grade assessed by NAEP: Basic, Proficient, and Advanced. Proficient on the NAEP indicates students “have demonstrated competency over challenging subject matter.” The following definitions apply to all subjects and all grades assessed by NAEP:

Achievement-Level Policy Definitions	
Basic	Partial mastery of prerequisite knowledge and skills that are fundamental for proficient work at each grade. Students who do not reach this level of proficiency are reported as Below Basic.
Proficient	Solid academic performance for each grade assessed. Students reaching this level have demonstrated competency over challenging subject matter, including subject-matter knowledge, application of such knowledge to real-world situations, and analytical skills appropriate to the subject matter.
Advanced	Superior performance.

The charts on the following pages show how Alaska students’ scores on the NAEP assessments compared to the public school students’ scores nationally.

Note: NAEP data is available on the Department of Education & Early Development website at: <http://education.alaska.gov/tls/assessment/naep.html>.
